

Girls Aren't Brides

Child Marriage

Our purpose is to help the children get out of centuries old traditions of child marriage. Each year, 15 million girls are married before the age of 18. It threatens girls' lives and health and it limits their future prospects. Girls frequently feel disempowered and are deprived of their of their fundamental rights to health, education and safety. Child marriage denies the children right to choose whom and when to marry. Relocating them to a better place can give them a better life.

Helping children get normal lives and live their life.
